SATURDAY: ADULT SWIM LESSONS

According to the Centers for Disease Control, 37 percent of adult Americans can't swim the length of a pool which puts them at risk of being one of the 10 people who drown every day in the United States. If you or a loved one doesn't know how to swim, contact the AFC and get started! Swimming skills can save your life both by preventing drowning, and by providing you with the skills needed to make swimming for fitness part of a long-term healthy lifestyle. See pricing above.*
